

ACCESS WALL CONTROLLER DMX

PRODUCT DESCRIPTION

The Access Wall Controller DMX is the DMX wall control which allows managing the immediate change of colors between different units, such as the Sigma Wal-washer RGB Linear and the Aura RGB stripled. The Access Wall Controller DMX allows programming up to 8 different themes. With its uncluttered and discreet design, it will perfectly agree on your walls.

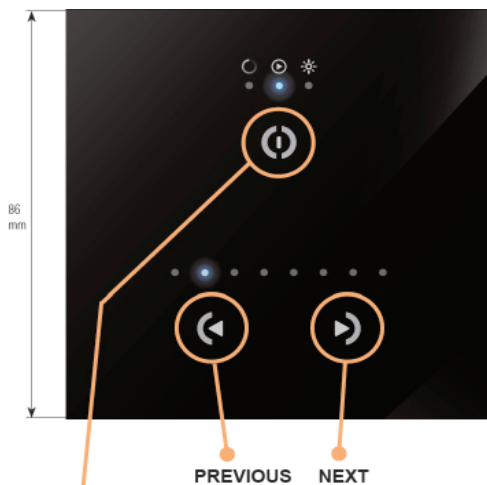

Thanks to its USB system, adequate software is provided to manage the desired color by means of its 128 DMX channels.

With its uncluttered and discreet design, it will perfectly agree on your walls.

- Compatible Access Module DMX (réf. CRT 220 177 04)
- Control Panel with a glass facade
